

# Waiver of Liability

I, \_\_\_\_\_, realize that fishing, activities around water, camping, horseback riding, air travel, vehicle travel, travel by commercial carrier, walking, climbing, boating, wading, food consumption, and ANY other activity encountered in, while traveling to, engaged in, or traveling from any Excellent Adventures trip, involves risks to health, and possible injury up to and including death.

I agree that AI, his spouse, relatives, estates, and heirs assume no risk or liability in my participating in any "adventure" and my participation is of my own choosing and in full knowledge that any illness or injury I may suffer are through no fault of AI, his spouse, relatives, estates and heirs, even if AI and/or his spouse should be reckless or careless in their activities and operation since the decision to participate in the activity was mine alone.

I am aware that Excellent Adventures may hire agents, individuals and contractors to provide services and that, once hired, these agents, individuals and contractors are beyond the control of AI. Any activities these agents, individuals and contractors may engage in and which I participate in are of my own choosing and I do not hold Excellent Adventures liable should any accident, illness or injury occur. Excellent Adventures offer no assurances that any agents, individuals and contractors have the proper licenses, insurance or training to perform the activities they are offering and Excellent Adventures make no representations as such.

I agree I alone am responsible for my own health safety and welfare while traveling to, participating in, and returning from any Excellent Adventures trip and:

I release AI, his spouse, relatives, estates and heirs from any liability whatsoever, regardless of the cause or fault, mine, or theirs, whether through accident, carelessness or recklessness, or lack of intent in caring for my health, safety and welfare.

I offer my signature as proof that I have read, understand and voluntarily agree to this waiver of liability.
